## **NATIONAL SERVICE SCHEME (NSS) UNIT OF JNHMC**

### **INTERNATIONAL YOGA DAY CELEBRATED ON 21ST JUNE 2020**

International Yoga Day is observed every year on 21 June worldwide. The day came into existence in 2015 after being declared unanimously by the United National General Assembly (UNGA). Yoga is a mental, physical, and spiritual practice that roots back to India. It is celebrated by JNHMC Staff and NSS Unit and Its member and Students Online.

#### **GENERAL DETAILS:-**

- ❖ Occasion :- International Yoga Day
- ❖ Organized By :- NSS Unit of JNHMC
- ❖ Mode of Celebration : Online
- ❖ Participated By: - Homoeopathic Staff – 5, Students - 50 of JNHMC.
- ❖ Date of Celebration :- 21/06/2020
- ❖ Name of Guide :- Dr.Poorav Desai
- ❖ Name of Programme In charge : Dr.Bhavik Purohit
- ❖ Name of Programme Co-Ordinator : Dr.Chirag Patel and Dr Vidita Rathava

#### **BRIEF ON YOGA DAY:-**

June 21 as International Yoga Day as it is the longest day of the year in the Northern Hemisphere. The day holds a special significance in India as well as other parts of the world. The idea of Yoga Day celebration was proposed by PM Modi during his speech at the UNGA in September 2014. During his speech, he said, "Yoga is an invaluable gift of India's ancient tradition. It embodies unity of mind and body; thought and action; restraint and fulfillment; harmony between man and nature; a holistic approach to health and well-being. It is not about exercise but to discover the sense of oneness with yourself, the world, and nature. By changing our lifestyle and creating consciousness, it can help in well being. Let us work towards adopting an International Yoga Day."

#### **BENEFITS OF YOGA**

Yoga comprises of different asanas targetted towards the healing of particular physical and mental health issues. Yoga poses function by stretching the muscles. The yoga asanas help you move better while relieving tiredness or laziness. After a good yoga session, one feels less stressed and more relaxed both in the body and the mind. Yoga has long been known to lower blood pressure and slow the heart rate. A slower heart rate can benefit people with high blood pressure or heart disease, and people who've had a stroke. Yoga has also been linked to lower cholesterol and triglyceride levels, and better immune system function.
