## Objective:

- To encourage students to creatively interpret and visually express the fundamental principles of the organon of medicine
- To enable learners to blend scientific insight with artistic creativity by illustrating key concepts from the organon

## Activity Details:

Dept. of Organon of medicine conducted Poster making competition on Canvas of cure: exploring the organon. Students of 1<sup>st</sup> to 4<sup>th</sup> year BHMS had participated in the poster making competition under the observation of Dr.Vibhuti Pathak, Dr.Alpesh Jayswal and Dr.Krushali Sharma. The Poster Making Competition aims to engage participants in a creative exploration of the fundamental principles outlined in dr. Samuel Hahnemann's organon of Medicine. Through artistic expression, students had visually represented concepts of holistic healing, vital force, case-taking, individualization, and other core doctrines of homeopathy.
