CERTIFICATE

TO WHOM IT MAY CONCERN

This is to certify that a total of 90 students of 4th BHMS (Session 2025–2026) of Rajkot Homoeopathic Medical College, Parul University visited the Sewage Treatment Plant (STP), Manharpur, Rajkot on 5th and 6th February 2026, as a part of their academic curriculum prescribed by the National Commission for Homoeopathy (NCH).

The visit was organized and conducted under the guidance and supervision of the Department of Community Medicine, along with other faculty members. The faculty members accompanied and guided the students throughout the visit, ensuring smooth coordination and academic discipline. The students participated in the visit in two batches, with 46 students in Batch A and 44 students in Batch B.

During the visit, the Plant Manager and technical staff appreciated the students for their discipline, curiosity, and active participation. The students gained valuable practical knowledge regarding:

- Sewage collection systems
- Primary, secondary, and tertiary treatment processes
- Sludge management
- Importance of sewage treatment in environmental sanitation
- Role of wastewater management in the prevention of waterborne diseases

The visit proved to be highly educational, informative, and beneficial, enabling students to correlate their theoretical knowledge with real-life public health practices. The academic objectives of the visit were successfully achieved.

This certificate is issued for official and academic purposes.
