Respected Sir/Madam,

**Compliance/Action Taken Report on Anti-Ragging Measures**

With reference to your email dated 21.05.2025 regarding the submission of the Compliance/Action Taken Report on Anti-Ragging Measures, I would like to inform you that ragging is strictly prohibited within the premises of our institute. Owing to the stringent rules and preventive measures implemented, no incidents of ragging have been reported to date.

Consequently, there has been no occasion necessitating the submission of an action-taken report in this regard.

Nevertheless, we are fully compliant with the prescribed guidelines. The institute has duly constituted both an Anti-Ragging Committee and an Anti-Ragging Squad to ensure constant vigilance and prompt preventive action, if required.

Furthermore, in alignment with institutional policies, awareness and induction programs are regularly conducted for newly admitted batches. The compliance report pertaining to these initiatives are enclosed herewith for your kind perusal.

Thank you for your attention.
