➤ **10th JANUARY 2020:**

- As per our schedule, we went to visit Dr. Willmar Schwabe India pvt.ltd, which is located in sector 60, Noida, Delhi. We reached over there at 10.00 am. Where a heartily welcome was given by Mr. Valavan (Assistant Director) and Dr Sudhanshu Mishra (Managing Director). They offered breakfast and tea to students and concerned staff after short introduction about Willmar Schwabe Company.
- As per their instruction, the students were divided into 4 groups and then asked to accompany the supervisor of company. The company deals with the manufacturing of homoeopathic medicines.
- The students were shown the machinery of Potentisation, Trituration, Succussions, and Preparation of globules, Preservation and Labelling, Packing, Ageing, Preparation of Mother Tincture by Maceration and Percolation and all the

- Dr. Willmar Schwabe Pharmaceuticals is a large scale manufacturing unit of homeopathic medicines. Since the homoeopathic medicines are highly diluted, GMP (Good Manufacturing Practices) is mandatory. Though GMP for homoeopathy was enforced in India only in 2008, Schwabe has been following GMP of international standard since beginning. When Government of India notified and enforced GMO, it was one the first to obtain GMP from the Government.
