5. Curriculum, Teaching Learning Process/ Method, Examination/ Evaluation System

5.1	Which University body finalized the curriculum? The composition of the body may be given. (Board of Studies, Academic Council, Board of Management)	At Parul University, the responsibility for finalizing the curriculum lies with the Academic Council, a vital body within the university's governance structure. The Academic Council comprises esteemed members from diverse academic backgrounds, including faculty representatives, subject matter experts, and administrative leaders. Prior to presenting curriculum proposals to the Academic Council for ratification, the university employs a meticulous process. This involves active participation from the Curriculum Development Committee, which operates at the department or institution level. This committee works tirelessly to ensure that syllabi are designed and continuously updated to meet

		evolving educational needs and comply with the requirements set forth by regulatory bodies. Once the Curriculum Development Committee provides its valuable insights, the proposed curriculum revisions are brought forth to the relevant Board of Studies or Faculty for thorough consideration and approval. The Boards of Studies and Boards of Faculty comprise of Dean of respective faculty, Principal/s of respective institute/s, experienced faculty members, External experts of the field, Industry Representative, Alumni Representative and Students' Representative from the field. Subsequently, the finalized curriculum is elevated to the esteemed Academic Council for formal ratification, signifying its alignment with the university's academic standards and objectives. The Proceedings of the meetings of Academic Council are then put-up in Governing Body for the approval. For a comprehensive understanding of the composition of these pivotal bodies, please refer to **Annexure-8**, which provides detailed information regarding the membership of the Boards of Studies and the Academic Council, thereby exemplifying Parul University's commitment to robust and inclusive academic governance.
5.2	What are the Rules/ regulations/ procedure for revision of the curriculum and when was the curriculum last updated?	At Parul University, **the process of revising the curriculum** is governed by a set of established rules and regulations aimed at ensuring the highest standards of education and relevance to current industry needs. The procedure typically involves collaboration between faculty members, academic administrators, industry experts, and relevant stakeholders. The first step involves a comprehensive evaluation of the existing curriculum based on the factors such as (i) alignment with program objectives, (ii) relevance to industry standards, (iii) emerging trends in the respective fields on local – regional – national – global platforms by the means of feedback from students, teachers, field experts, employers and alumni. Then a curriculum development committee comprising of faculty members oversees the revision process. This committee is responsible for drafting proposals for curriculum changes based on the assessment conducted in step one. The proposed revisions are then shared with Board of Studies, which comprises

		representatives of faculty members, students, alumni, external experts and employers for feedback and input. This consultation process ensures that diverse perspectives are considered and that the revised curriculum meets the needs of all stakeholders. After incorporating feedback, the revised curriculum is reviewed by academic authorities within the university, such as the Faculty board and Academic council. Once approved, the revised curriculum is officially implemented. The implementation of the revised curriculum is closely monitored to assess its effectiveness and impact on student learning outcomes. Feedback mechanisms are established to continuously evaluate the curriculum and make further improvements as needed. **Regarding the last update of the curriculum**, the specific date may vary depending on the program and the nature of the revisions. However, as a university committed to providing up-to-date education, we ensure that our curricula are regularly reviewed and updated to reflect advancements in the respective fields and to meet the evolving needs of our students and industries. All curricula within the university must undergo a mandatory review for potential revision at least once after a cohort or batch of students completes the program. Typically, our curricula undergo comprehensive reviews every year, with minor updates made more frequently to address immediate needs or changes in industry standards. Every year on an average 35-40% programs undergo revision in curriculum.

While designing curriculum, it is customary to consider several key aspectsto ensure it meets the needs of students, aligns with academic standards, and prepares graduates for success in their chosen fields. Promoting the **Outcome Based Education,** the university ensures that educational practices are centered on achieving specific learning objectives and demonstrating tangible student outcomes. The curriculum along with the instructions and assessment are designed to align with these outcomes. By gauging students' progress against these outcomes, university identifiesthe need of revision in curricula. 		Commission for Indian System of Medicine etc... The Examination System as mandated by the Apex Bodies such as NMC, PCI, NCH, NCISM etc…are adopted for the concerned relevant courses. In those cases, where University Regulations are followed, the following system of examinations is adopted. • Every subject/course shall be evaluated for 100/150 marks depending on whether the course has practical component • 40% of the total marks in each course is evaluated by the course teacher as follows ▪ 5% marks for attendance (a student should have atleast 75% attendance in a course/subject. However, the Principal of the college is authorized to condone the attendance shortage up to a maximum of 10% on valid grounds) ▪ 15% marks for Continuous Evaluation comprising weekly tests, assignments, presentations etc… ▪ 20% marks for Mid-Term Examination which will be conducted for a duration of two hours • 60% of the total marks in each course/subject will be evaluated through End-Semester External Examination (ESE) or End-Year External Examination (EYE). Hence, every course governed by the University Regulations is evaluated both by Internal and External Examiners. In addition, the University has implemented the following innovative practices ▪ The entire examination system is on the Management Information System Network. Hence, it is easy for the University to announce the examination results in a short span of time after the examinations ▪ The University has established a Central Assessment Centre for evaluation of answer papers with all modern amenities ▪ To maintain confidentiality, the University follows sticker system for concealing the identity of the candidates ▪ CCTV cameras are installed in University

		premises where examinations are held. ▪ The University follows the system of nominating flying squads as a measure to reduce instances of malpractices
5.8	What methods of evaluation of answer scripts does the University follow? Whether external experts are invited for evaluation?	Parul University employs a multifaceted approach to evaluate answer scripts, encompassing both internal and external assessment methods to ensure a thorough and equitable evaluation process. **Internal Evaluation:**The faculty members conduct internal evaluations, which include weekly class tests, assignments, presentations, quizzes, mid-term examinations, and monitoring of attendance. The weekly class tests and quizzes are conducted on institutional LMS. Presentations, projects and practical skills are evaluated using rubrics. These assessments are designed to gauge students' understanding of the course material and their progress throughout the academic term. **External Evaluation:** The university integrates external evaluation mechanisms to enhance its assessment practices. The external exams are conducted centrally. At the end of examination, the evaluators are supposed to go the Central Assessment Centre and evaluate the assigned bunches of the masked answer-sheets and submit the result on MIS. (The identity of the writer remains masked by a brown sticker and marks entry are done using barcoded stickers.) External experts are specifically invited for various evaluation tasks, including: ▪ Viva Examinations ▪ Dissertation and Research Project Evaluation ▪ Setting Question Papers ▪ Evaluation of Answer Scripts (External evaluators are involved in the evaluation of answer scripts, particularly for final-year students across all courses.) **Compliance with Statutory Councils:** For degree programs governed by statutory councils, our evaluation procedures adhere to the prescribed norms and guidelines mandated by the respective councils. This ensures compliance

		with regulatory standards and maintains consistency in assessment practices.

This approach facilitates timely feedback and enables tailored teaching strategies, enhancing student learning outcomes and preparing them for success in their respective fields.
5.12	How are the question papers set to ensure the achievement of the course objectives?	At Parul University, the process of setting question papers fostering competency based assessment for both internal and external examinations is carefully conducted to ensure students' understanding of course objectives. ▪ The questions are designed to assess two key aspects of learning competency: • **Cognitive Domain Development**: Identifying which areas of cognitive learning the learner has mastered. • **Depth of Cognitive Understanding:** Utilizing various thinking levels to assess how deeply the learner understands the concepts. ▪ For internal examinations, course teachers develop thought-provoking and practical-oriented questions tailored to the course content and course outcomes.

		▪ External examiners receive a detailed syllabus and a model question paper, emphasizing coverage of the entire syllabus. This ensures comprehensive assessment of students' knowledge. ▪ Prior to distribution, a panel of university experts reviews each question paper to confirm alignment with course objectives. ▪ The questions are designed to measure students' attainment of prescribed course objectives and program outcomes. ▪ After examinations, the results are analyzed to assess students' achievement of the intended learning outcomes. This meticulous approach ensures that our assessment methods effectively support student success and academic excellence.

The finalized list of examiners is then submitted to the Provost for approval, ensuring adherence to academic standards and impartiality in assessment. Furthermore, to maintain the integrity of our examination process, the Controller of Examinations ensures the procurement of set of three question papers from distinct examiners, each vetted and endorsed by the Provost. Additionally, invigilators for examinations are appointed from the pool of qualified faculty members within the University. This ensures the presence of experienced and impartial personnel to oversee examination proceedings and uphold the sanctity of the evaluation process. The Controller of Examination appoints an experience faculty member as an observer to an institute other than that of his faculty. Appendix-XII

Information about the complaints received under Grievance Redressal Mechanism

Grievances resolved by the Grievance Redressal Cell constituted by the University				
Sr.No.	**Name of the Complainant**	**Complaint against**	**Date of Complaint**	**Action taken by the University**
1	Mr.Amish J.Dadawala, Advocate	C.O.E., PU	March, 2023	The university was receipt in notice from Mr.Amish J.Dadawala in connection with change of name of " Amin Hinal Sandip" to " Hinal Sandip Patel", who was a student of Parul Polytechnic Institute (a constituent institute of Parul University) and who has completed Diploma in Information Technology during 2022-23. Upon conducting an inquiry into the said matter, it was found that while admitting the said student to Diploma in Information Technology after completing Xth standard, the institution had registered her name as "Amin Hinal Sandip" because the same had been mentioned in the school leaving certificate issued to her by Saint Basil School upon successfully completing Std.Xth. In all the marksheets issued to her for her Diploma in Information Technology, the name had been mentioned as " Amin Hinal Sandip" and the said student had not raised any objection to the same nor had she furnished any records that would suggest to mention her name as "Hinal Sandip Patel". When she approached the Controller of Examinations to change her name from Amin Hinal Sandip" to "Hinal Sandip Patel", he requested her to submit documentary evidence based on which her request could be granted. She

				had not produced gazette notification regarding declaration of change of her name then due to which the Controller of Examinations refused to change the same. Hence, it was decided to convey that university would arrange to rectify her name in its records only after gazette notification which displayed change of her name from “Amin Hinal Sandip” to “Hinal Sandip Patel” is furnished to the institution. In absence of any such gazette notification, the university couldn’t rectify her name as it would be in violation of the laws of land.
2	Meemansha Malik	University	May 29, 2023	Mr. Himanshu Malik, father of Meemansha Malik, a student who had secured admission to BPT programme in Parul Institute of Physiotherapy, a constituent college of Parul University during 2022-23 and who had secured admission in university hostel. She had filed complained with UGC, New Delhi that her roommates had been harassing her. She had also filed similar complaint with Commissionerate of Higher Education, Government of Gujarat and CHE, GOG had sought report from the university in this regard. Upon conducting inquiry into the said matter, the Grievance Redressal Committee Members found the following: Upon receipt of complaint from UGC, New Delhi, as per the procedure enumerated in Prevention of Ragging in HEIs, Principal of Parul Institute of Physiotherapy had called meeting of Anti Ragging Committee constituted in the said college wherein Meemansha Malik, her grandparent and her room mates against whom allegations were leveled remained present and were heard.

				Anti Ragging Committee, after conducting a thorough and impartial inquiry into the said matter, had concluded that allegations leveled by Meemansha Malik against her room mates were frivolous and baseless. The findings of the Anti Ragging Committee were accepted by Anti Ragging Helpline. It was decided to recommend to university to convey to CHE, GOG that after conducting thorough inquiry into the said matter, it was revealed that allegations leveled by Meemansha Malik against her room mates were frivolous and baseless
3	Dr.N.Nithin Sai	University	May 29, 2023	In the communication sent by CHE, GOG, the university was informed to submit its reply regarding communication sent by Dr.N Nitin Sai to Admission Committee for Professional Medical Educational Courses requesting the said committee to accept his documents for the purposes of admission to MD Ayu programme in Parul University. Upon conducting inquiry into the said matter, it was found that Dr.N Nitin Sai had made an application to ACPUGMEC, Gujarat for securing admission to MD Ayu programme in Parul University. As per norms of ACPUGMEC, he was required to upload documents concerning his earlier studies on ACPUGMEC portal and submit the same to ACPUGMEC authorized help centre for verification. Since server of ACPUGMEC was down, the said candidate was not able to upload his documents and after sending multiple reminders to ACPUGMEC regarding the problems faced by him in uploading his documents, he had requested ACPUGMEC to accept his documents sent by mail.

				Hence, his complaint was against ACPUGMEC which didn't provide him any guidance regarding uploading of his documents on ACPUGMEC portal and university didn't have any role to play in the said matter. It was decided to write to CHE, GOG that the complaint of Dr.N.Nithin Sai was against ACPUGMEC and not against the university.
4	Dr.Tejas Pradyuman Joshi, Joint Secretary, NET Bureau, (Meemansha Malik)	University	11.8.2023	Ms.Meemansha Malik filed grievance related to non refund of tuition fees and hostel fees and non-issue of migration certificate The members of the Grievance Redressal Cell probed into the matter and found the following **Tuition Fees:-** Upon her admission to BPT programme offered by the university, she had paid a tuition fee of Rs.1,87,000/- and she had paid hostel fees of Rs.1,18,000/- in addition to Rs.20,000/- paid towards Caution Money Deposit for availing hostel facilities. She had started attending first year college from December-2022 and she had applied for cancellation of admission in May-2023. Please note that as per fee refund policy notified by UGC for 2022-23, if the admissions are cancelled upto December 31, 2022, after deducting Rs.1,000/- from the fees paid, remaining amount would have to be refunded. Since she applied for cancellation of admission in May-2023, she would not be eligible for refund of fees. Hence, the university has not refunded the tuition fees paid by her.

				Hostel Fees:- When she secured her admission to university hostel, while filling the admission form for the hostel, she was made aware about the rules governing stay of boarders residing in university hostels printed on the back of the admission form wherein clause (1) clearly states that "Hostel Fees are non-refundable and non-transferable" Further, since her admission to BPT course till cancellation of her admission, she had availed hostel fees for the said duration. Owing to above reasons, fees paid towards hostel accommodation have not been refunded to her. However, the university has already refunded a sum of Rs.20,000/- which were paid by her towards Caution Money Deposit **Non issue of Migration Certificate:-** she had never requested for issue of migration certificate when she made an application for cancellation of admission

				While securing his admission in the university hostel, he had filled in his requisite details after reading all the terms and conditions printed on hostel admission form regulating his accommodation in the university hostel one of which clearly stated that hostel fees are non-refundable and non-transferrable. Hence, he was not eligible to seek refund of fees paid towards Hostel Fees He was eligible to seek full refund of charges paid towards hostel deposit provided no damage had been caused by him to the room/ amenities/ appliances available in the room occupied by him It was decided to inform the concerned student to complete the procedure of cancellation of admission i.e. to secure final approval of the Admissions Committee on cancellation of admission by visiting the university campus by fixing the date of his visit with Principal, PICA in advance and upon completion of the said procedure, his original documents i.e Xth and XIIth Marksheet and Caste Certificate would be handed over to him and upon payment of stipulated charges of issuance of migration certificate, the same would be issued to him
